# FY 2018 Local Programs Projections

## Local Programs

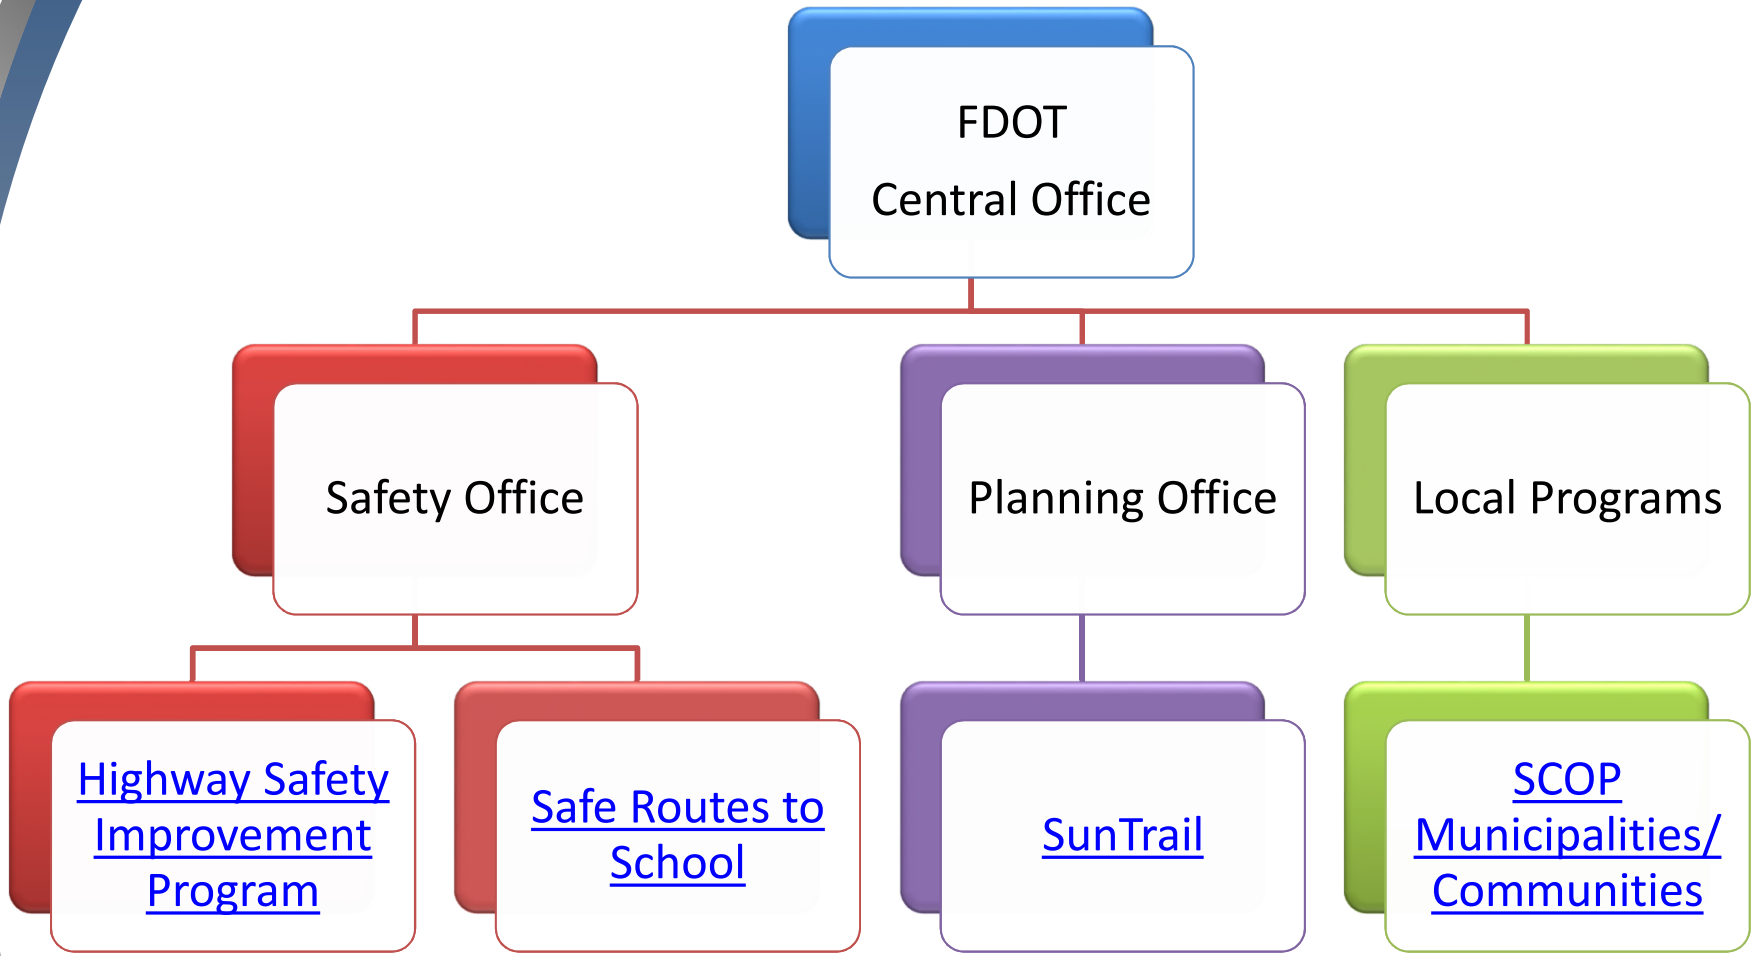

CIGP SCOP SCRAP TRIP LAP

# District Managed Programs

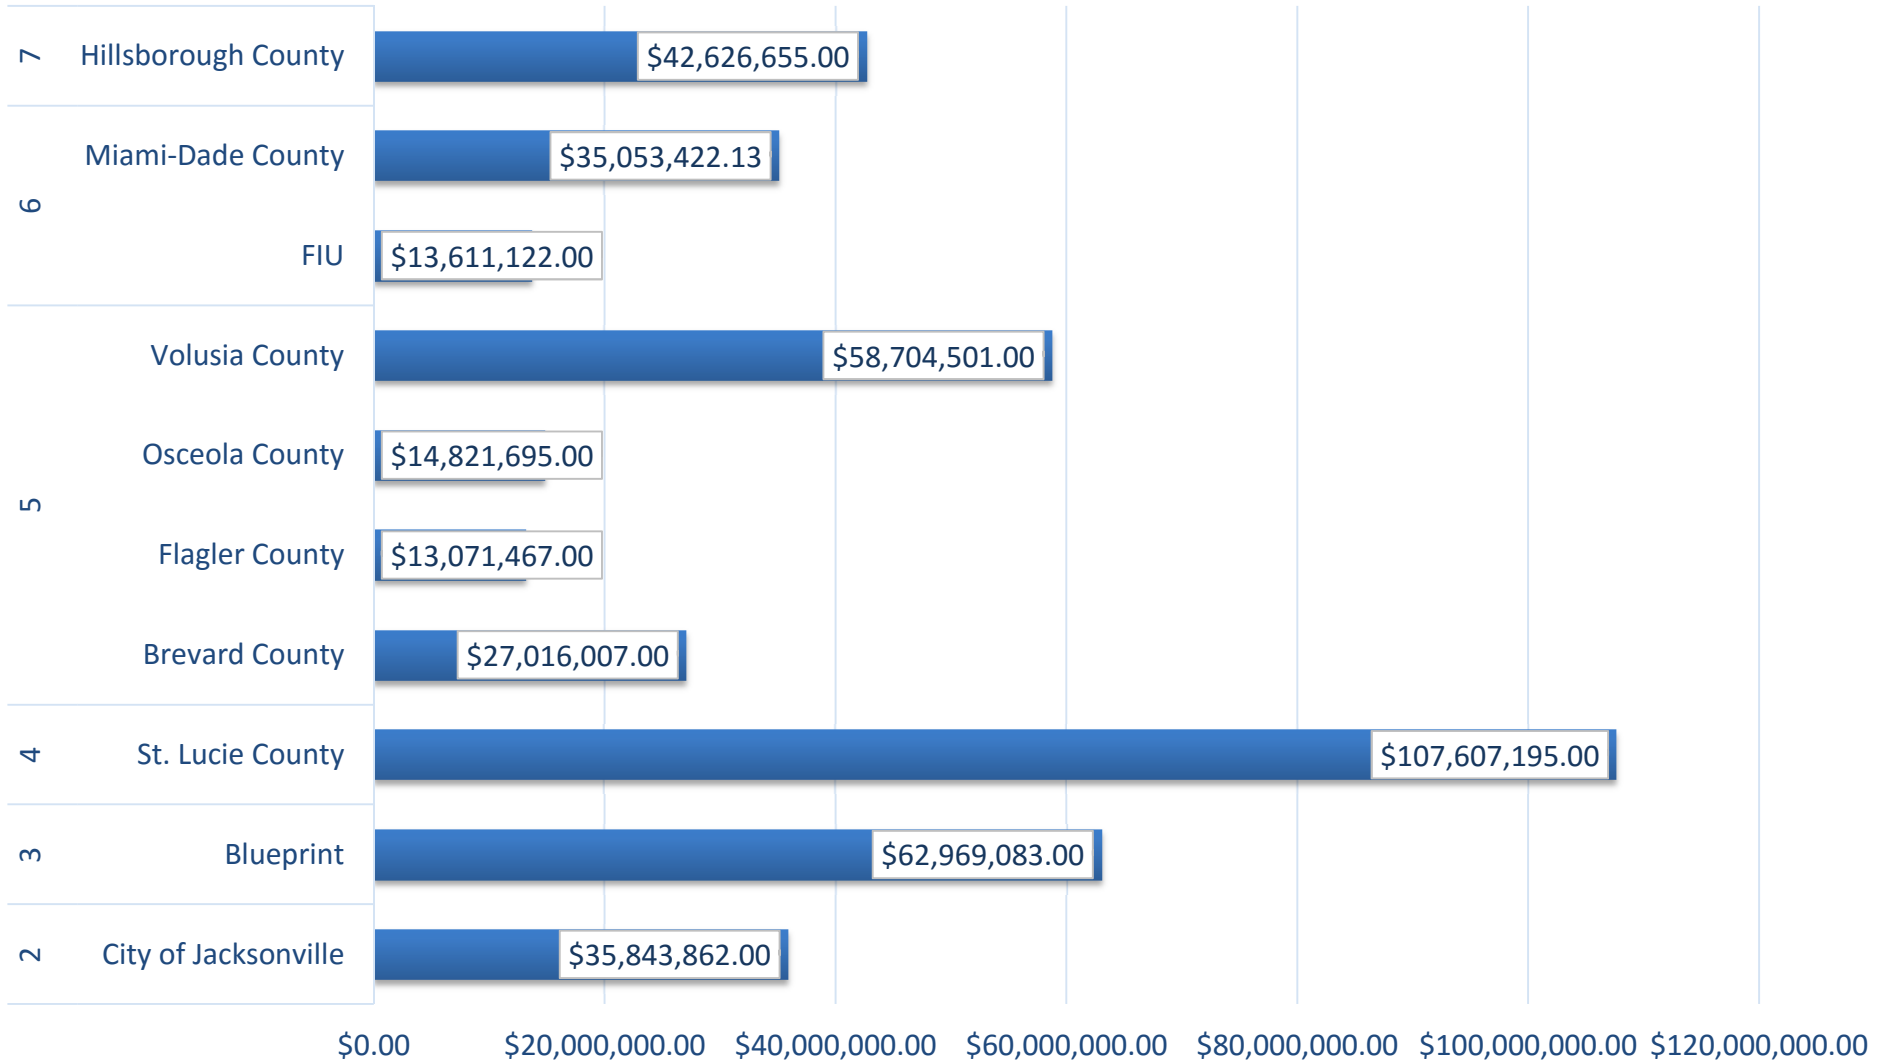

# Central Office Managed Programs

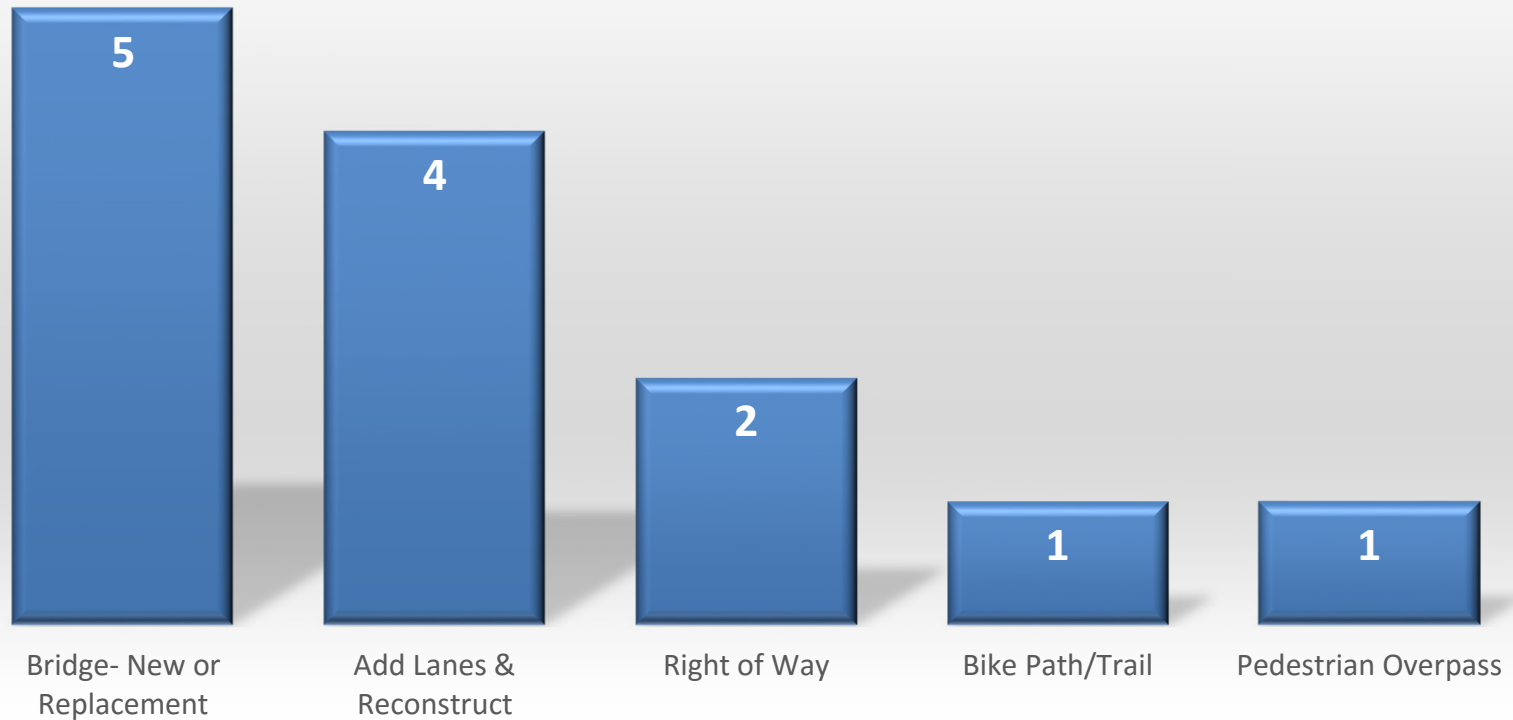

# ACTIVE LAP PROJECTS GREATER THAN \$10 MILLION

## PROJECTS GREATER THAN \$10 MILLION BY WORK MIX

■ Work Mix

# LAP Contracting Mechanisms

- Contract Compliance performed by the District on behalf of the local.
  - ❖ District 2 performs contract compliance for most LAP projects.
  - ❖ District 3 performs contract compliance for agencies based on need and performance (current no. of agencies is 3)
  - ❖ District 4 performs all contract compliance for LAP projects.

# LAP Contracting Mechanisms

## Design-Build Push Button Contracts

- Districts 1, 2, 6, 7 to quickly design and construct safety and operational improvement projects, includes scope for local projects with federal funds.
- District 2 recently received SEP-14 approval from FHWA for an ITS pushbutton. Future implementation on local roads is expected.
- District 5 design-build push button using other federal funds- non-HSP, for use on SHS.

# LAP Contracting Mechanisms

- Continuing Engineering Services Contracts
  - ❖ District 2 pilot program includes continuing services contracts for design and CEI services available for LAP project delivery.
  - ❖ Locals manage the staff and hours associated with the task work orders for each phase of work. Locals approve tasks/work products.
  - ❖ Department processes invoices, stays involved in project coordination, and reserves final approval of tasks/work products.
