From the funds in Specific Appropriation 204, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for peritoneal dialysis (PD) as a modality choice. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' PD suitability.

In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

From the funds in Specific Appropriation 204, the Agency for Health Care Administration shall apply a recurring methodology to establish clinic services rates taking into consideration the reductions imposed on or after October 1, 2008, in the following manner: (1) the agency shall divide the total amount of each recurring reduction imposed by the number of visits originally used in the rate calculation for each rate setting period on or after October 1, 2008, which will yield a rate reduction per diem for each rate period; (2) the agency shall multiply the resulting rate reduction per diem for each rate setting period on or after October 1, 2008, by the projected number of visits used in establishing the current budget estimate which will yield the total current reduction amount to be applied to current rates; and (3) in the event the total current reduction amount is greater than the historical reduction amount, the agency shall hold the rate reduction to the historical reduction amount.

From the funds in Specific Appropriations 204 and 207, \$6,201,347 from the Grants and Donations Trust Fund and \$9,973,267 from the Medical Care Trust Fund are provided to buy back clinic services rate adjustments, effective on or after July 1, 2008, and are contingent on the non-federal share being provided through grants and donations from state, county or other governmental funds. JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice must, before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As the result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2019.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1154 through 1167, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House Appropriations Committee prior to implementing any change.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

From the funds in Specific Appropriations 1154 through 1167, in selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. In addition, the department must conduct an independent review of each out-of-state provider before issuing a new contract. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

From the funds in Specific Appropriation 1155 and 1162, the Department of Juvenile Justice shall implement a five percent pay increase for direct care workers in their residential programs, in order to help reduce turnover, retain employees and attract new employees. The department shall report on the use and effectiveness of these initiatives by March 1, 2019. The report shall be submitted to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2175 through 2203, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Office of Policy and Budget in the Executive Office of the Governor, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

SECTION 6 - GENERAL GOVERNMENT

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

2224	SPECIAL CATEGORIES AFFORDABLE HOUSING INITIATIVES FROM LOCAL GOVERNMENT HOUSING TRUST FUND		100,000,000
------	---	--	-------------

From the funds in Specific Appropriation 2224, \$30,000,000 shall be used to fund the Hurricane Housing Recovery Program. These funds are targeted only to the Base Program and the Extremely Low Income Supplement, using Hurricane Irma FEMA data that weighs both the extent and the intensity of housing damage in each county.

From the funds in Specific Appropriation 2224, \$60,000,000 shall be used to fund the Rental Recovery Loan Program to provide housing targeted to areas of the state hardest hit by Hurricane Irma. To the extent feasible, the program shall leverage existing federal rental financing programs to provide units for households at income levels served through the State Apartment Incentive Loan Program in section 420.5087, Florida Statutes. For developments serving families, preference shall be given to those located in close proximity to employment opportunities. Based on the continued need for specialized housing for homeless persons, persons with special needs as defined in section 420.0004(13), Florida Statutes, and farmworkers, a portion of these funds may be made available to provide flexible financing to meet these housing needs. The funding shall be prioritized to the hardest hit counties using FEMA data that weighs both the extent and the intensity of housing damage.

From the funds in Specific Appropriation 2224, \$10 million shall be provided to the Monroe County Land Authority, created pursuant to section 380.0663, Florida Statutes, to acquire land for affordable housing in the Florida Keys Area of Critical State Concern. The Monroe County Land Authority shall use these funds to purchase, own, and lease lands for the provision of affordable rental housing.

By August 15, 2018, the Florida Housing Finance Corporation must submit a plan that includes an allocation formula for the distribution of the programs described above to the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee.

Any preliminary funding or allocation award made to an applicant or affiliate subject to such administrative complaint is rescinded unless the developer, applicant, or affiliate has completed credit underwriting or has commenced construction at the time the administrative complaint is served.

From the funds provided in Specific Appropriation 2225, at least 50 percent shall be used to fund the construction or rehabilitation of

units through the State Apartment Incentive Loan (SAIL) Program. Each SAIL development that receives an award from these funds and will be targeted, pursuant to section 420.5087(3), Florida Statutes, to families, elderly persons, and persons who are homeless, must include not less than 5 percent and no more than 10 percent of the development's units designed and constructed for, and targeted to, persons with special needs as defined in section 420.0004(13), Florida Statutes. Each development must enter into an agreement with at least one designated supportive services lead agency, such as the Local Center for Independent Living, the Agency for Persons with Disabilities, or any other such agency approved by the Florida Housing Finance Corporation (FHFC), for the purpose of coordinating services and housing for persons with special needs.

From the funds in Specific Appropriation 2225, \$10,000,000 of nonrecurring funds is provided to fund a competitive grant program for housing developments designed and constructed for, and targeted to, persons with developmental disabilities as defined in section 393.063, Florida Statutes. Private, nonprofit organizations that have a primary mission that includes serving persons with developmental disabilities as defined in section 393.063, Florida Statutes, shall be eligible for these grant funds. Housing projects funded with these grants may include community residential homes as defined in section 419.001, Florida Statutes, or individual housing units, and may include new construction and renovation of existing housing units. In evaluating proposals for these funds, the FHFC shall consider: the extent to which funds from local and other sources will be used by the applicant to leverage the grant funds provided under this section; employment opportunities and supports that will be available to residents of the proposed housing; a plan for residents to effectively and efficiently access community-based services, resources, and amenities; and partnerships with other supportive services agencies.

From the funds provided in Specific Appropriation 2225, \$40,000,000 of nonrecurring funds is provided for the SAIL Program to construct workforce housing to primarily serve low-income persons, as defined in section 420.0004, Florida Statutes, and in the Florida Keys Area of Critical State Concern, to serve households with incomes not to exceed 140 percent of Area Median Income (AMI) when strategies are included in the local housing assistance plan to serve these households.

The review shall include recommended sentencing policies, statutory changes necessary to implement recommended policies, and cost savings estimates. The review shall also assess the potential impact of each proposed option on public safety. OPPAGA shall issue a report of its recommendations to the President of the Senate and the Speaker of the House of Representatives by January 7, 2019.

Funds in Specific Appropriation 3081 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardized elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to a county supervisor of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

Also, before a county supervisor of elections receives funds for any software or hardware technology, including but not limited to any emerging or enhancing technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable, by the Department of State. Additionally, before the supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.

	FROM GENERAL REVENUE FUND	2,000,000	

From the funds in Specific Appropriation 3141A, the Office of the State Courts Administrator shall develop or procure an electronic criminal justice risk assessment solution. The solution shall be used to pilot one or more validated pretrial risk assessment instruments in two or more counties which will objectively analyze the risk that a criminal defendant will re-offend or fail to appear before trial and provide risk levels that will inform the court's decision as to whether the defendant should be detained pretrial or released with or without conditions. The pilot shall commence on or before November 1, 2018. Criminal justice agencies within the pilot counties shall participate. In determining the appropriate pretrial risk assessment instruments for the pilot, the office, in collaboration with the participating criminal justice agencies, shall review existing, validated pretrial risk assessment instruments. Additionally, the office shall review the use of validated risk assessment instruments to determine a criminal defendant's suitability for problem solving courts and consider whether such assessments should be included in the criminal justice risk assessment solution. As part of the reviews, the office shall consult with the Department of Juvenile Justice and the Department of Corrections regarding their experiences with developing and using risk assessment instruments. The office shall submit to the President of the Senate and the Speaker of the House of Representatives an interim report by February 1, 2019, which addresses the pilot's implementation status and whether risk assessment instruments used in problem solving courts should be included in the solution, and a final report by January 3, 2020, which addresses the success of the pilot and, if warranted by the pilot's findings, makes recommendations to the Legislature on how to implement pretrial risk assessment instruments statewide.
